In Acts 6, as the church experienced dynamic growth, the members also experienced growing pains. According to the story, a certain group of people were not receiving their daily distribution of food. Scripture provides no evidence that the neglect was intentional. After listening to the concern, the disciples invited the congregation to help resolve the matter.

As of this morning, there are 568 students attending Heritage Christian Academy this year, and families are still considering HCA to meet the educational needs of their students. The growth presents some new challenges to the use of physical space, but also brings new opportunities for the school. I really appreciate the way that the HCA family, staff, students, and parents, have embodied principles from Acts 6, proactively addressing some of the new challenges.

One of our major concerns is traffic flow in the morning and the afternoon. The additional students equate to additional cars needing to drop off and pick up students each day. So far, the parking lot has been emptied by about 3:10 in the afternoon, which means that the process moves efficiently once the students begin to be dismissed. To assist in the process:

- When entering the school property, use both lanes coming toward the school.
- In the afternoon, when you arrive, pull forward to the farthest space available so that drivers in cars behind you do not have wonder if more parking is available in front of you. Coming early to get a spot close to the door is beneficial for the individual but it hinders the efficiency of the process.
- Remember the spirit of patience and cooperation.

Other ways that you can be of assistance:

- Donate packages of Ramen noodles, individual mac & cheese cups, packages of peanut butter crackers to the lunchroom.
- Pray for our students and faculty

Thank you for working together for the good of our students and for the glory of the Lord!
